CAREER OBJECTIVE

Recent diploma holder in Web Development with hands-on experience in full-stack development using the MERN stack (MongoDB, Express.js, React, Node.js). Skilled in creating dynamic, responsive web applications, with a strong foundation in front-end technologies (JavaScript, HTML5, CSS3) and proficiency in managing back-end processes. Highly motivated to expand my knowledge in the latest web technologies and contribute effectively to building scalable, user-centric applications in an entry-level MERN stack developer role.

TECHNICAL SKILL

Front-End: - HTML5, CSS3, JavaScript (ES6+), React.js (Hooks, Redux), Responsive Design, Bootstrap, Material-UI, Tailwind CSS.

Back-End: - Node.js, Express.js, RESTful APIs, Server-Side Rendering (SSR).

Database: - SQL, MongoDB, NoSQL, CRUD Operations.

Tools & Version Control: - Git, GitHub, VS Code, npm, Postman, Hoppscotch.

EDUCATION

XII (UP Board) | R L B G Inter Collage Shahabuddin (KHERI)

76.0% | 2021

Diploma in Computer Science & Engineering | Gov. Polytechnic Mohammadi, (KHERI)

CGPA: 6.9 | 2024

Bachelor of Art (B.A) | Sri Ram Bhajan Singh Mahavidyalaya, (KHERI)

SGPA 7.58 | 2024

ACADEMIC PROJECTS

TODO List (<https://ironabhi05.github.io/TODO-LIST/>):

GitHub Built a playable fun game using HTML5, CSS3, and JavaScript. Hosted on GitHub.

Simon Says Game (<https://66e3ccda4d7336af3dabdac8--heroic-nasturtium-06a99c.netlify.app/>):

Developed and deployed a web-based "Simon Says Game" on Netlify using HTML, CSS, and JavaScript. Added features like level progression, high score tracking, and visual feedback for an engaging experience. Utilized DOM manipulation and event handling to control game logic and user interactions, sharpening my front-end development skills.

WOOGO (E-Commerce & Shopping Website):

Developed a full-featured e-commerce site with product listings, shopping cart, and secure checkout. Built a responsive front end with HTML, CSS, and JavaScript and managed back-end operations in Django for secure transactions and user accounts. Integrated search and filters for easy navigation and optimized performance, enhancing my skills in full-stack development and user-focused design.

EXPERIENCE

Summer Training

Techpile Technologies Pvt. Ltd. (2.5 Months, 2023)

Associate Jr. Developer & Intern

Digicoders Technologies Pvt. Ltd. (Intern, 2024 - Present)

As a Junior Web Developer intern, I developed and deployed MERN stack applications in collaboration with my team at Digicoders Technologies. My responsibilities included creating scalable RESTful APIs with Node.js and Express.js, building modular React components for enhanced front-end performance, and managing MongoDB with Mongoose for efficient data handling. I contributed to code quality through documentation, reviews, and debugging, and gained hands-on experience in Agile sprints and Git version control.
